

LISTING OF CLAIMS

1. (currently amended) A pair of pants, comprising:
 - (a) a seat portion, a waist portion, and two leg portions joined together in a conventional manner to form said pants; ~~and~~
 - (b) at least one zipper disposed on a rear of said pants between a crotch area and a top of said pants, said at least one zipper being partially or completely unzipppable to reveal a selected portion of a wearer of said pants; and
 - (c) said at least one zipper lying on a generally horizontal line.
2. (original) A pair of pants, as defined in Claim 1, wherein: said at least one zipper comprises two zippers.
3. (original) A pair of pants, as defined in Claim 1, wherein: said at least one zipper is unzipppable from either distal end or both distal ends of said at least one zipper.
4. (original) A pair of pants, as defined in Claim 1, wherein: said at least one zipper is unzipppable from a center of said at least one zipper.
5. (original) A pair of pants, as defined in Claim 1, further comprising: a loop joining upper and lower halves of said at least one zipper such that said halves are held together a selected distance when said at least one zipper is partially or completely unzipped.
6. (original) A pair of pants, as defined in Claim 2, wherein: said two zippers are unzipppable from distal ends of said two zippers.

7. (original) A pair of pants, as defined in Claim 2, wherein: said two zippers are unzipable from proximal ends of said two zippers.

8. (original) A pair of pants, as defined in Claim 6, wherein: proximal ends of said two zippers meet near a central seam of said pants.

9. (original) A pair of pants, as defined in Claim 7, wherein: said proximal ends of said two zippers meet near a central seam of said pants.

10. (cancelled)

11. (cancelled)

12. (new) A pair of pants, comprising:

(a) a seat portion, a waist portion, and two leg portions joined together in a conventional manner to form said pants;

(b) at least one zipper disposed on a rear of said pants between a crotch area and a top of said pants, said at least one zipper being partially or completely unzipable to reveal a selected portion of a wearer of said pants; and

(c) a loop joining upper and lower halves of said at least one zipper such that said halves are held together a selected distance when said at least one zipper is partially or completely unzipped.
